A: I have used digital 3d photos version 1.1 to make 3d pictures from my digital photos. I have heard that version 2.0 is available, but I can't find any info on it. You can use it from the site you linked. Q: getting 'null' value when a dropdown value changes I have a dropdown list, and I'm trying to update my SQL statement depending on the value in the dropdown list. I'm using a class to handle my Forms and SQL. The dropdown list is just part of the Form, and I am currently able to get my SQL statement to generate using the form successfully. However, when I change the dropdown value, a null value is being generated, and I'm not sure what I'm doing wrong. The code is: private void Form1_Load(object sender, EventArgs e) { if (Form1_Contains(Form1) == false) { connection1
