App Light Blue Ads Keep in mind that there are no ads in this app. CydiaSubmission Keep in mind that there are no ads in this app. iPhoneSpy A great app to keep track of everything you want to do as a photographer. It's a great way to manage your photos.Q: include file in perl script I'm new to perl so I need your help for this: SetHandler application/x-httpd-php I want to include the above line in a perl script (so that the script may be executed by crontab). Please help me writing this correctly, so that I can put it in the crontab file. Thanks in advance. A: If you just need to put it in the crontab file, try: */1 * * * * /path/to/your/script.pl If you actually need it to be in the crontab file, I'm not sure how to do that with Perl. Check out the alternatives:
