INTRODUCTION In early 2000, I traveled around Europe in search of new books. In London I found a copy of The New Empire by Michael Porter[1]. As a historian, I knew that Porter was writing a book about the "new empire." But it never occurred to me that he was also a professor at the University of San Diego, California, and that his book would be published in England, at least in English. Porter argues in his research that the world we live in and the one we wanted
